# Additional Support Available From Chiesi USA

## Medical Information

For medical inquiries or to report an adverse event, other safety-related information, or product complaints for a company product, please contact the Medical Information Department.

✉ [us.medical@chiesi.com](mailto:us.medical@chiesi.com)

☎ 1-888-661-9260

## National Accounts

The National Accounts team can address any inquiry into contracting, rebates, and pricing for GPOs, RPCs, 340B, and FSS. This team can share total value and comparative savings when partnering with Chiesi USA.

- ▶ Pricing support
- ▶ Contracts and rebates

✉ [us.nationalaccounts@chiesi.com](mailto:us.nationalaccounts@chiesi.com)

## Health Economics Information and Value Analysis

The Health Economics and Value Specialists provide scientific exchange with population health decision makers to help evaluate the value of Chiesi product adoption and implementation strategies through validated health economic models and best available evidence. This team can provide risk stratification analysis, economic analysis, and reimbursement support.

Health economic and value information can be provided to a payor, formulary committee, or other similar entity with knowledge and expertise in the area of healthcare economic analysis, carrying out its responsibilities for the selection of drugs for coverage or reimbursement.

- ▶ Health economic impact analysis
- ▶ Risk stratification analysis
- ▶ Value-based considerations
- ▶ Reimbursement

✉ [us.healtheconomics@chiesi.com](mailto:us.healtheconomics@chiesi.com)

## National Strategic Business Liaisons

The National Strategic Business Liaison (NSBL) offers a strategic lead and primary point of contact for senior and executive leaders in health systems and integrated delivery networks by developing a strong rapport with them and understanding their unique needs and initiatives. The NSBL is responsible for coordinating all commercial Chiesi assets to ensure a productive business partnership.

- ▶ Integrated Delivery Network initiatives
- ▶ Scalable Value initiatives
- ▶ Special programs
- ▶ Strategic partnership
